Education

University of California, Los Angeles - Los Angeles, CA, BS Applied Mathematics Sept 2023 - June 2026

- **GPA:** 4.0/4.0
- **Coursework:** Mathematical Modeling; PDEs; Dynamical Systems; Feedback Control; Signal Processing; Linear Algebra; Real & Complex Analysis; Mathematical Probability & Statistics
- **Experiences:** Math Student Association; Statistics Club; Jogging Club; Alumni Mentorship
- **Honors:** Honors in Major; Deans List; 4th place in Los Angeles Colleges Integration Bee

Ankeny High School - Ankeny, IA, High School Diploma Sept 2019 - June 2023

Experience

Undergraduate Mentor, UCLA – Los Angeles, CA Sept 2024 - Present

Provided groups with guidance for transitioning to college. This included the creation of meticulous four-year course plans, course leadership, and math-focused events such as study groups or office hours.

Undergraduate Researcher, UCLA Department of Mathematics – Los Angeles, CA Jan 2026 - Present

Modeled leaf venation under stressful conditions as a optimal transport network. Developed tools to numerically find the minimum network.

Prep Cook, ASUCLA – Los Angeles, CA Sept 2025 - Present

Worked Collaboratively to prepare over 150 meals daily. Produced quality, detail oriented work in a fast-paced environment.

Undergraduate Grader, UCLA – Los Angeles, CA Jan 2025 - Sept 2025

Created answer sheets for various homework assignments in linear algebra, differential equations, and calculus. Graded more than 200 students weekly.

Visiting ML Researcher, Iowa Summer Institute of Biostatistics – Iowa City, IA May 2025 - August 2025

Used myriad machine learning models – such as adversarial debiasing neural networks, gradient boosting, and logistic regression – to predict future enrollment trends at the University of Iowa. Collaboratively developed modern models that are actively in use by the Admissions Office at the University of Iowa.

Line Cook, Pancake House of Iowa – Ankeny, IA June 2022 - Sept 2022

Functioned within and led a kitchen team during peak hours. Designed efficient pathways and systems for reliable and quality meals during both work and preparation hours.

Youth Gymnastics Coach, Triad Gymnastics – Ankeny, IA Sept 2024 - Present

Designed, created, and executed complex lesson plans in high-variability environments. Dedicated to fostering interpersonal skills, strength, and technique through relevant gymnastics exercises for children ages 3-16. Demonstrated leadership to students and peers by remaining engaged, focused, and thorough.

Skills

Languages: Python, R, C++, MATLAB

Technologies: Microsoft Excel, LaTeX, Simulink
